Meeting Minutes

By Lynn Dunaway

March 2006

Heart of Illinois Ultralights
March Meeting

Alan Mays led the meeting (Old Business, New Business, Adjourn to Monkey Business).

The Safety Seminar in Springfield was well-attended by Club Members. It was, once again, informative and fun. Gene Ramsey reported that Conrad Grembowicz did manage to win some oil yet another year as well as a DVD on assembling your trike.

Treasurer Dick Baner reported that we do have money; however, the paper telling exactly how much he had left at home.

We did collect dues. Bill VanMieghan is back. Later we got him to report the progress on his Kit Fox.

Elections: Conrad suggested and Alan relayed that perhaps this should be the Year of the Woman Officers. Lynn Dunaway volunteered to fill the Secretary Position. Alan volunteered to be Flight Commander “on paper.” We will need a Flight Commander to lead our meetings and excel at the myriad of duties that spring up.

INSIDE THIS ISSUE

1 [Meeting Minutes](#)

3 [Monthly Events](#)

Steve Hendricks has passed his LSA test – our first Club Member to do so. Congratulations to Steve. Steve said, “Deb’s next.” Steve took the test at Pontiac.

Wells Field Spring Cleanup Day was discussed. Lynn will contact Tim and Barb and announce the date for this annual spruce-up via Tom Eichhorn, Webmaster.

Dick Baner asked if there was any interest in repeating our outing to Shades State Park in Indiana. It is believed that the runway is open again at Shades. Several pilots indicated interest.

Conrad Grembowicz brought up several other places to fly: Erie Airpark, Havana, Canton – all places we have been invited repeatedly. Conrad stated this year we need to get out there and “wear out our welcome” at a few places.

Lynn Dunaway recruited more members for her Moon Walk 2006 Team, a Peoria Area health initiative. If interested in participating, call Lynn at 309 282 8119.

We adjourned to much **chit chat**.* People did stay quite a long time.

Our next meeting will be the second Saturday in April back at Wells International (Route 150 and DeeMack Road at the edge of Deer Creek, Illinois). Flying first – meeting second.

***Items that came up:**

Will dressing rooms ever have good lighting?

Hendricks are headed to Florida.

The Judge is headed to the Carolinas.

Does Rick Jones have a granddaughter yet?

Why is Cheri eating pickles?

Tim, what does it take to meet firemen?

Want to be more beautiful? Talk to Cheryl!

Notice

We encourage any club or organization that is within a 180-mile radius of Peoria, Illinois to email HOIUL with news of their club fly-ins.

We email our newsletter to other clubs (EAA, USUA, ASC or non-affiliated) in hopes of furthering the awareness of Ultralights and our profile within our communities.
